

**3rd April 2009,
Sussex**

The NExT Standard Model

S Peeters (Sussex)	Multifaceted neutrino physics with the SNO+ experiment
P Di Bari (Soton)	Testing new physics with neutrinos and cosmology
T Gregoire (Sussex)	Understanding electroweak symmetry breaking at the LHC
D Litim (Sussex)	Testing quantum gravity at the LHC
A de Santo (Sussex)	Searching for SUSY in leptonic final states at ATLAS
S West (RHUL)	Dark matter at the LHC
S Huber (Sussex)	Signals of baryogenesis
